Mohawk warrants to the original buyer that the flooring will be free of defects in material and/or workmanship in accordance with the terms of this warranty for as long as the buyer owns the home.

Terms and Conditions

- This limited warranty only covers the flooring under normal residential use when Mohawk installation and maintenance instructions are followed properly.
- This warranty only applies to inherent defects that were not visible before or during the installation of the flooring.
- Flooring planks or accessories must be checked carefully for material defects before and during installation under sufficient lighting. Installation indicates acceptance of quality.
- Hardwood is a natural product and may exhibit naturally occurring variations in grain and color, mineral streaks and knots. The installer must use reasonable selectivity and hold out or cut off objectionable blemishes prior to installation.

Exclusions

- These limited warranties do not cover damage to the flooring that occurs during shipment or installation.
- Installation of flooring that contains any obvious or visible manufacturing defect is not covered by these limited warranties.
- Color and gloss differences resulting from material added to an existing installation at a later date or from non-warranty repairs are excluded from coverage.
- These limited warranties do not apply to flooring that has been subjected to abnormal use or conditions or abused in any way, which includes but is not limited to moisture damage from plumbing, storms or flooding; damage from smoke, fire or other casualty events; damage caused by negligence; improper alterations of the original manufactured product; damage from use of the flooring that is unreasonable considering the normal and expected uses of flooring in a residential environment; or damage of mechanical nature.
- This warranty only covers finish defects when defective flooring exceeds 10% of the total square footage of purchased flooring.

Wear Resistance Warranty *(All TecWood, UltraWood, and RevWood Products)*

As a result of normal use, the protective layer will not wear through to the wood veneer or decorative layer.

Terms and Conditions

- Gloss change is not considered surface wear.
- In beveled-edge products, this wear resistance warranty does not include wear along the edges of the planks less than 3/16" (5 mm) from the edge.
- Refinishing the flooring voids the wear resistance warranty.
- Wear of the hardwood or design layer must be readily visible, covering at least one square inch.
- Chair pads or mats must be used under caster chairs.

General Stain Warranty *(All TecWood, UltraWood, and RevWood Products)*

Mohawk warrants to the original buyer that the flooring will not stain under normal household use for the specified duration.

Terms and Conditions

- This warranty does not apply to stains as a result of chemical or industrial products other than recommended cleaning products.
- Topical spills should be removed promptly using a clean dry or damp cloth. If additional cleaning is needed, use a Mohawk recommended product and a microfiber cloth.
- This warranty excludes pet stains.

Fade Resistance Warranty *(All RevWood Products)*

The flooring will not fade from exposure to sunlight or artificial light for the specified duration.

Hardwood Structure Warranty *(All TecWood and UltraWood Products)*

Mohawk warrants that the flooring will resist ply separation for the specified duration, under normal residential use when properly installed and maintained in accordance with Mohawk instructions.

Terms and Conditions

- Mohawk recommends all hardwood flooring be acclimated for a minimum of 48-72 hours before installation. Acclimation allows the moisture content of the wood to adjust to the typical temperature and humidity conditions expected when the space is occupied. Opening the cartons will ensure proper climatization.
- The room temperature must remain within a range of 60° to 80°F, with a relative humidity of 35% to 55%.
- Concrete subfloor moisture must not exceed 5 lb per 1,000 square feet per 24 hours (*ASTM F1869*) or exceed 80% RH (*ASTM F2170*). Moisture readings of wood subfloors must be ≤ 12%.
- The above environmental conditions are specified as pre-installation requirements and should be maintained for the life of the product. Environmental conditions consistently outside of these parameters could result in product performance problems not covered under these warranties.
- Mohawk products are not warranted against squeaking, popping, or crackling.

Wet Warranty

Wet Resistance Warranty *(All TecWood and RevWood Essentials Products)*

Flooring will resist damage from normal topical household spills under normal use for the specified duration.

- Subfloor damage is defined as visible damage to the surface of a concrete or wood subfloor, including mold or mildew growth, rot or decay caused by topical moisture leaking through the joint system.
- In all cases, subfloor damage must be the result of topical moisture leaking through a properly installed joint.
- See General Wet Warranty Terms and Conditions for additional information regarding this WetProtect Warranty.

Steam Mop Warranty (*All UltraWood, RevWood Plus, and RevWood Premier Products*)

- These warranties are contingent on proper installation. Please refer to Mohawk's Installation Guide for full instructions.
- Complete waterproof coverage requires a perimeter seal in accordance with the applicable product's installation instructions. Mohawk strongly recommends a professionally installed perimeter seal. If the original owner or installer chooses to forgo perimeter sealing, waterproof coverage is impacted and limited. In the event of water or moisture damage related to moisture contact on an unprotected area due to failure to properly seal the perimeter (*including but not limited to leaks, spills, wet mopping, or steam mopping*), the coverage will not apply. This does not impact water damage unrelated to failure to perimeter seal.
- The flooring is not designed to withstand flooding, acts of God, plumbing accidents or leaking appliances (*icemakers, dishwashers, clothes washers, etc.*). These and other casualty events are not considered topical spills.
- The flooring is not designed to withstand water or moisture in the subfloor or underneath the flooring, including but not limited to damage from subfloor hydrostatic pressure (*water or moisture under the floor that is transmitted to the surface through exerted pressure*) or other conditions that result in water or moisture beneath the flooring.
- The flooring is not designed to withstand damage from moisture that originates from outside the room where it was installed.
- Consequential damages, including any medical issues related to mold or mildew growth, is not covered by this warranty.
- For residential warranty claims involving subfloor damage, Mohawk will cover reasonable labor costs to clean visible mold and mildew growth using industry standard methods.
- For residential claims involving wood subfloor damage, Mohawk will cover reasonable labor and materials costs to repair or replace only the damaged sections of subfloor.

CARE AND MAINTENANCE

Although our floors are designed with easy care in mind, all floors require routine care and preventative maintenance for sustained beauty and performance. The recommendations in this section are provided in accordance with guidelines required to maintain the coverage of these limited warranties and will prolong the life of the installed flooring. For full details, refer to the Care and Maintenance Guide, or visit Mohawkflooring.com.

Preventative Maintenance

Exterior Mats

- Place exterior mats outside all exterior entrances.
- Exterior mats should be constructed of dual fibers: soft fibers capable of absorbing moisture and coarse fibers to remove dirt and grime from shoe soles.
- To allow time for cleaning, purchase two sets of exterior mats. Place one set at all exterior entrances to reduce the amount of dirt, grit, and moisture tracked into the home. When it's time for cleaning, remove the soiled set and immediately replace with the fresh set.
- Cleaning mats routinely prevents them from becoming a soil source.

Interior Mats

- Place interior mats inside all exterior entrances to capture any residual dirt, grit, or moisture missed by exterior mats.
- They should be constructed of an absorbent fiber with a breathable, non-staining back.
- Remember to routinely clean both sides of interior mats so they don't become a secondary source of soil, and also clean underneath to prevent soil and grit from becoming trapped and dulling the finish of the flooring.
- Do not use rubber mats, which may stain the floor or trap moisture underneath the mat.

Furniture

- Use non-staining felt or plastic floor protectors at least one inch in diameter under furniture and covering the part resting on the flooring..
- Chair casters should be rubber, not plastic or metal. Chair pads should be used under chair casters.
- Routinely clean casters to remove grit.
- Lay plywood over the floor to avoid dents and gouges and use a furniture dolly when moving heavy appliances and furniture.

Other Preventative Measures

- Keep pet nails trimmed to minimize scratches.
- Protect flooring from spiked heels, athletic shoes or shoes in need of repair.
- Routinely clean vacuum wheels, brush, and head, and periodically inspect for foreign objects.
- Close window treatments during hours of direct sunlight and minimize excessive lighting whenever possible to protect floor.
- Exercise caution when placing area rugs over floors with radiant heating. Rugs may increase flooring temperatures beyond recommended levels and void the warranty.

Routine Care

The amount of daily usage will determine how often cleaning is required.

Day To Day Cleaning

- Dust mop, sweep and/or vacuum the floor regularly to remove any particles that could scratch the floor.
- **WARNING:** Vacuums with a beater bar or power rotary brush head should never be used on wood flooring.
- Use vacuum tools designed for hard surfaces.
- Use a microfiber mop for dust mopping. Pay close attention to mop head. Once soiled, replace with a fresh one. Launder soiled mop heads without fabric softener. Fabric softener residue may cause streaking on the floors.

Occasional Cleaning

- Never damp mop wood flooring unless covered by Wet Resistance Warranty or greater wet warranty.* If flooring product allows, occasionally damp mop with water only.
- Never wet mop wood flooring unless covered by Waterproof or WetProtect Warranty.* If flooring product allows, occasionally wet mop with water only, using a well wrung-out mop.
- If needed, use 1 cup of vinegar per gallon of water OR 1/3 cup non-sudsing, ammonia per gallon of water.
- Never steam mop wood flooring unless covered by Steam Mop Warranty.*
- Flood mopping is never recommended since mop water may damage flooring and leave spots.
- Do not pour liquid directly on the floor or use an excessively wet mop.
- Do not allow liquid to puddle or leave moisture standing on the floor.
- Allow floor to dry completely before replacing interior mats.

NOTE: See Wet Warranty section for details.

Cleaning Spills

- Remove spills promptly. Do not allow topical moisture to remain on the floor.
- Immediately use an absorbent cloth to remove as much of the liquid as possible.
- Mist a clean microfiber cloth with a Mohawk recommended cleaner, if needed, and rub the area, working from the outside of the area toward the center.
- Take care to wipe the surface thoroughly.
- To reduce spotting, do not allow liquids to stand or remain on the surface of the flooring.

Spot Removal

- Immediately use a microfiber cloth and a Mohawk recommended cleaner, if needed, working from the outside of the stain toward the center.
- Take care to wipe the surface thoroughly.
- Do not allow liquids to stand or remain on the surface of the flooring to reduce spotting.

Products and Tools to Avoid

- Do not use oil soaps, wax, detergents, abrasive cleaners, polishes, or other household products to clean the floor.
- Vacuums with beater bar or power rotary brush head should never be used on wood flooring.
- Never use power scrubbers to clean floor.

To qualify for repair or replacement, the buyer or installer must provide the original dated sales receipt or other documentation to demonstrate proof of purchase. The following terms and conditions will apply.

Visual Defects

- For visual defects, the owner or installer has up to 30 days from the time of installation when a visual defect is identified to file a claim with the retailer.
- The distributor or retailer must be informed in writing of visual defects within 30 days. After this time has elapsed, no further complaints will be accepted.

All Other Defects

For all other defects not visible at the time of installation, claims may be made at any time during the stated duration of the warranty.

Replacement or Repairs

At its option, Mohawk will repair or replace any defective planks during the specified warranty period.

- Terms and proration of these warranties will be dependent on original date of purchase.
- Upon approval of the warranty claim, Mohawk will provide owner or installer with instructions for repairs or replacement. The owner or installer must comply with Mohawk instructions within ninety (90) days after the claim is approved, or all rights under the limited warranty will be deemed waived.
- If the product design for which a claim is made is no longer available, Mohawk will replace the affected floor materials with another design of equal or greater value at Mohawk's discretion.
- If Mohawk, in its sole discretion, determines that such repair or replacement is not reasonably achievable, Mohawk may choose to refund the purchase price of the affected flooring.
- At its option, Mohawk will cover reasonable labor costs for replacement of repairs if the original product was professionally installed.
- The above remedies are the sole and exclusive remedies for claims on all products.
- These limited warranties offer specific legal rights, which may vary from state to state.

Mohawk will repair or replace the area of defective product at its option. Responsibility under this warranty only applies to defects that were not visible before or during the installation of the product. If the product was originally professionally installed, Mohawk will cover reasonable labor costs for any defective product.
