

SUSTAINABLE HIGH PERFORMANCE FROM BOTTLE TO FLOOR

SOLIDTECH^R

Sustainable High Performance From Bottle to Floor

Innovative new product design delivers beautiful, waterproof, high-performance flooring that's PVC-free. With recycled single-use plastic incorporated into its construction, SolidTech R also helps address the global plastic crisis.

**Testing demonstrates a wear layer equivalent of 20 mil.

SUSTAINABLE HIGH PERFORMANCE FROM BOTTLE TO FLOOR

Introducing SolidTech R – the revolutionary flooring that combines sustainability, performance, and beauty. Enjoy unmatched durability, effortless maintenance, and a lifetime warranty. With every square foot, you’re not just enhancing your home; you’re actively preventing single-use plastics from cluttering our landfills and waterways.

FEATURES & BENEFITS

SUSTAINABLY DESIGNED TO REDUCE PLASTIC POLLUTION

PVC-free with one quarter made from 100% recycled, single-use plastic, each plank continues our progress of nearly 60 billion bottles recycled over the last decade.

HIGHEST PERFORMANCE FOR LIFETIME BEAUTY

Acclimation-free and all the benefits of SolidTech® with new WetProtect® Gold Floodproof Warranty and 3x greater scratch resistance than traditional LVT.*

NEXT-GENERATION VISUALS FOR PREMIUM WOOD LOOKS

Featuring NEW RealPlank™ technology to minimize pattern repeats and HDX color clarity for a truly natural, matte finish.
